Care Instructions for Mighty and Impression

General Maintenance

One of the best ways to keep alternative leather surfaces looking great is to properly maintain by cleaning regularly to prevent excessive dirt from accumulating. Follow the general outline listed below to help extend the life of the fabric.

- Clean regularly with mild soap and water.
- Wipe up spills as soon as they occur.
- Lift most stains with an alcohol based cleaner like Fantastik®.
- Disinfect using a 5:1 water/bleach solution.
- Spray application recommended.
- Do not saturate.
- **Must rinse with clean water and wipe dry.**

Note: Dye transfers from clothing, newspapers, etc. to light surfaces can be permanent and the general maintenance cleaning procedures may not be effective.
